

E7 19" Floor Standing Rack Range

The E7 range of rack cabinets features solid welded frames, Depth adjustable side rails, and pre-cut cable entry locations. Made from 1.5mm and 2mm thick electro-galvanised sheet steel and powder coated in a midnight grey textured finish, not only are these racks built to last but they look good as well. They can be customised with different configurations by way of the wide range of optional accessories available to ensure that the customised rack solution meets all your requirements. All Legend racks and components include a 12 month warranty.

Racks - Server and Network Characteristics:

- Professional welded frame rack, which is very sturdy stand alone
