#### ■ 14" Widescreen Gateway to the World of Entertainment

The 14" widescreen A8Fm will change what you see and what you hear. With limitless mobility, you can embrace the world of entertainment with just a few clicks whenever and wherever. Open up the ASUS A8Fm and treat yourself to the ultimate visual and audio experience.

#### ■ Dual Engines, Double Power

Equipped with the latest dual core technology, the A8Fm enables users to simultaneously run demanding applications, such as running virus scan while talking on Skype and surfing the web. The A8Fm's exhilarating capabilities will immerse you in riveting vibrant entertainment at home or on the go with the built-in features of your new mobile dual-core processor-based laptops.

#### ■ Realistic Audio Deliverance

High quality stereo sound and built-in S/PDIF connection deliver realistic audio performance that completes the total multimedia experience.

#### ■ Wire-Free Video Communication on the Go

Enjoy true wireless freedom with ASUS A8Fm notebook series. Built-in microphone and high-resolution webcam allow you to stay connected with family and friends without the hassle of external connections and tangling wires!

#### ■ Triple Speed Connection with Wireless Freedom

Responding to the emerging demands of notebook users who have a number of simultaneously working Bluetooth peripherals on their system, including mice, keyboards, headsets, and mobile phones, the A8Fm notebooks, with the built-in Bluetooth® V2.0+EDR, offer maximum data transfer rates of 2.1 Mbps, 3 times faster than the current device can manage, and hence reducing power consumption, which greatly benefits battery-dependent mobile devices.

#### ■ Easier and Faster Digital Data Transmission

The ExpressCard™ standard promises to deliver high-performance, modular expansion to notebooks at a lower cost and in a smaller form factor. You will be able to add memory communications and security devices by simply inserting ExpressCard™ modules into the A8Fm.
