■ W6 LEATHER COLLECTION | 2006

The unique texture of leather instantly breathes glam and warmth into the otherwise cold and mechanical notebook. Fused with ASUS craftsmanship, the W6 Leather Collection. transforms your everyday computing experience. With hand-embossed leather, and polished keyboard, the W6 excels in computing capability and leads the way to classic luxury.

The compact 13.3" widescreen design offers superior mobility and comfortable visual enjoyment. To satisfy the most demanding viewing standards, exclusive ASUS Splendid Video Intelligence Technology integrates different multimedia data sources to reduce noise and conversion rate for a sharp display. You will enjoy vivid images with better contrast, brightness, skin tone and color saturation.

■ Slim and Lightweight

With the compact design of the 13.3" W6Fp, notebook is not only easy to carry, but also suitable for use on the plane. Whether you are crammed up in economy class or kicking back in first class, the W6 Fp suitable widescreen size can be fully opened to offer great visual enjoyment with style. The 13.3" W6Fp also offers golden ratio LCD screen and lightweight design for perfect visual enjoyment with limitless mobility.

■ Dual Engines, Double Power

Equipped with the latest dual core processing, the W6 Fp enables users to simultaneously run demanding applications, such as running virus scan while talking on Skype and surfing the web. The W6Fp's exhilarating capabilities will immerse you in riveting vibrant entertainment at home or on the go with the built-in features of your new mobile dual-core processor-based laptops.

■ Elegant and Compact Design

The unique "R" curvature and blue light illuminated power button and seamless touch pad make the W6Fp Notebook Series the perfect digital fashion accessory. The W6Fp's 13.3" widescreen with exclusive ASUS LCD technologies Color Shine glare-type and Crystal Shine high brightness presents images in their true vibrant colors. Furthermore, with the V-Cut LCD technology, the W6Fp Notebooks are 1.2 times brighter in color, lighter in weight, and thinner in size. (Note: Liquid crystal displays manufactured with the latest V-cut technology make notebook panels lighter and present bright displays. It is normal for displays to appear brighter in certain environments.)

■ ASUS Splendid Video Intelligence technology

The exclusive ASUS Splendid Video Intelligence technology is especially effective for human skin tones, green stretches of

grass and trees and blue sky and sea. It takes PC graphics capability to the next level by enhancing depth and color intensity in real time. It further improves contrast, brightness, skin tone and color saturation for vivid image display.

Incorporated with the exclusive ASUS Splendid Video Intelligence Engine (activation hot key: Fn+C), the LCD presents clear and sharp images in their true vibrant colors.

■ **Easier and Faster Digital Data Transmission**

The ExpressCard™ standard promises to deliver high-performance, modular expansion to notebooks at a lower cost and in a smaller form factor. You will be able to add memory communications and security devices by simply inserting ExpressCard™ modules into the W6Fp.

■ **Stay Connected with Wireless Freedom**

Built-in Bluetooth® EDR 2.0 allows omnidirectional wireless connection and higher data transfers rates between the W6Fp and other digital devices. The W6Fp notebooks provide more bandwidth in multi-connection Bluetooth environment that enhances quality of the overall Bluetooth experience. In addition, the built-in wireless mouse receiver further increased the mobility and wireless connection of the W6Fp.
