

Belkin 1200VA Universal UPS with AVR

Part # F6C120auUNV

The Belkin Universal Series UPS with AVR technology offers the most complete protection from damaging power disturbances to home or office workstations. Our complete power protection solution safeguards your valuable equipment and critical data from blackouts, brownouts, surges, spikes, and lightning. In a power outage or brownout, the Universal UPS automatically switches your computer to battery backup power and gives you the time to save open files and safely power off. When the power goes off, your computer stays on.

Advantages

- 3 year product warranty
- \$300k CONNECTED EQUIPMENT WARRANTY - a 3-year warranty that provides protection against damage to connected equipment. If equipment is properly connected to a Belkin UPS & it is damaged by a power surge, Belkin will repair or replace that equipment
- Includes a DATA RECOVERY WARRANTY, to protect against data loss. If a connected computer is damaged and data lost, Belkin will pay for the recovery of data from the damaged hard drive(s) and replace the hardware.

Features

- 1200VA / 670W Line Interactive UPS with 4 Australian style sockets
- Provides up to 100 Minutes Backup Time
- Windows/Linux/Mac/Unix/Novell/Solaris Automatic Shut Down software
- USB and Serial connections (supports concurrent use of both)
- Provides 4 Sockets: 3 Battery Backup Sockets w/Surge Protection; 1 Socket with Surge Protection Only
- Surge Protected Telephone and Ethernet connections
- Total Energy absorption - 420 Joules
- Maximum Surge / Spike - 6,500 Amps / 6000 Volts
- AVR response time <220ms
- AVR SmartBoost increases 10% of input voltage if input is 187~213VAC
- AVR Voltage Detection tolerance is +/- 6VAC
- Transfer to battery 187~264 VAC +/- 6%
- Output voltage on battery 230V +/- 5%
