# Nobo Kapture™ Digital Flipchart

## What is Nobo Kapture Digital Flipchart?

There are few office tasks quite as frustrating as typing up piles of flipchart notes after a busy meeting. Now, thanks to Nobo Kapture™ Digital Flipchart, you no longer have to!

Nobo Kapture™ Digital Flipchart, is a revolutionary new plug and play solution that enables you to capture, edit and share your meeting notes instantly!

No more typing up meeting notes and no more struggling trying to photocopy or scan large flip-chart pages; with Nobo Kapture™ notes and ideas generated from group meetings, training sessions or even brainstorming workshops and written on the digital flipchart pad are instantly captured onto your PC/Mac and can be shared via email in seconds.

A new innovation to an old problem, Nobo Kapture™ Digital Flipchart offers you some important benefits...

- **Time saving** – you no longer need to type up the notes after the meeting
- **Sharing of information** - Nobo Kapture™ gives you the ability to share information in real time with others who are not in the room.
- **Simplicity** – work as you do today – you use Nobo Kapture™ in exactly the same way you do a traditional flipchart and marker

How it works...

Nobo Kapture™ is a digital flipchart solution that enables you to capture, edit and share your meeting notes in an instant! The key components of Nobo Kapture™ Digital Flipchart include – a Digital Marker Pen, a USB receiver and the Nobo Kapture™ Digital Flipchart Pad.

Nobo Kapture™  
Starter Kit

Nobo Kapture™  
Office Kit

- Plug and play solution
- Bluetooth® enabled device
- Up to 4 pens can be paired for use at any one time – great for multiple users, using a range of colours - ideal for brainstorming sessions
- Minimum system requirements are Windows® XP/Vista™ or MAC OS X 10.5
- The Starter Kit enables you to get underway with Nobo Kapture™, whilst the Office Kit contains everything you need for the average sized meeting room

A plug and play solution,  
**Nobo Kapture™ is as easy as 1, 2, 3....**

→ Step 1

Plug the USB receiver into your PC and load the software. Using their Bluetooth capabilities pair the USB receiver and Digital Marker Pen together.

→ Step 2

Notes and ideas written on the Digital Flipchart Pad are instantly captured onto your PC. Pages can also be re-ordered or edited before saving.

→ Step 3

Meeting notes can then be shared via email in seconds!
