

SAMSUNG ME95C COMMERCIAL LED DISPLAY

SAMSUNG

SMART
SIGNAGE PLATFORM

ULTRA-SLIM 95" COMMERCIAL LED DISPLAY WITH SUPERIOR ENERGY EFFICIENCY

It's time to turn the lights out on the projector. The Samsung ME95C is a big, bright, low-energy solution that offers a fresh and productive approach to meetings. With 1920 x 1080 Full HD resolution and brightness over three times that of a typical 2,000 ANSI lumens projector, every presentation will be clear and captivating. WiDi and WiFi make it easy to install and connect. The integrated PC and TV tuner allow extreme flexibility in content management. And its versatility, productivity and low maintenance make it excellent for corporate board rooms, government meeting rooms, health care round tables, classrooms and more. The New Business Experience

KEY FEATURES

Outstanding Picture in Any Room

The 95" edge-lit LED display features 1920 x 1080 Full HD resolution, 600-nit brightness and 5000:1 contrast ratio. It consistently delivers sharp, detail-rich images and crisp, easily legible type, even in brightly lit rooms.

Ultra-Slim 1.8" Chassis

The incredibly thin chassis helps simplify installation while meeting ADA compliance regulations.

Embedded WiFi and WiDi

Built-in WiFi connects wirelessly to the Internet, which simplifies installation. And integrated WiDi (Wireless Display) technology connects wirelessly to enabled PCs.

SMART Signage Platform Compliant

This open platform is built around an embedded media player and software developer kit, and enables developers to create software and apps for customized solutions.

Integrated HDTV Tuner

Provides the option of displaying broadcast TV.

DisplayPort 1.2

DisplayPort 1.2 Digital Loop Out allows easy content sharing across videowalls up to 10x10, as well as supporting Ultra High Definition on 2x2 videowalls.

Optional Touch Overlay

An optional IR touch overlay accessory enables up to 6 simultaneous touch points, and software included with overlay option enables interactive whiteboard capability.
